

# Activities and Excursions

Bulone is a small island and is best enjoyed as a relaxing and tranquil getaway but there is also a little adventure to be had if you want it.

**Kayaking** – As a guest here you can use our canoes for free whenever you want to. Just let one of our staff know if you need help bringing it out and back in again.

**Fishing/Snorkeling** - We can arrange for a local Chow Lae boat to bring you fishing or snorkeling around the archipelago. If you are lucky and catch a nice fish then you can bring it back here and we will cook it for you, anyway you like.
